# KIDSCARE KUDOS

**Lauren** is the absolute best! My family is so blessed to have her in our lives. She has been working with my son and daughter for a little over a year now and they are both thriving! My daughter who is on the autism spectrum has come so far and it's all because of the work that Lauren has done with her and the skills she has taught me to make sure (my daughter) is living her very best life. Not only does she help her but she has also helped my family and I along the way by teaching us all there is to know about autism and... it is absolutely amazing! At the beginning of this journey, I knew nothing about autism and was terrified at what our new life would be like but she has made this journey a whole lot easier and I can't wait to see all of the many more accomplishments my daughter will have.
