## BASICALLY

Our recruiters work **remotely** and their day to day consists of...

- finding & sourcing candidates
  - this can be done through social media, job fairs, schools, and more
- screening & interviewing them
- following up throughout to hire

## ON THE OTHER HAND

Therapy has a **15-30 day** turnaround period. This allows marketing & clinical managers to make sure all hiring needs are aligned

*also*

They are also responsible for organizing, planning, registering, and attending recruiting events from conventions to career fairs!

**\*** Recruiting also develops & manages KidsCare's **social media**

## DID YOU KNOW?

Nursing can have a **3 day** turnaround period, meaning recruiting has to be very quick and on top of the process to make sure a patient is staffed.

## KIDSCARE KUDOS

💬 Emily is outstanding, professional and always punctual. She works very hard to get my children to reach their goals. One of my children is successfully done with therapy after reaching independence of movement to be an strong active child. [My other child] has physical and behavioral issues, and she patiently persuades him to do his routine of exercises. Thank you Ms. Emily! 💬

PT, Houston

💬 Sloan is great with Jack and he is excited to see her for his therapy appointments. She is great at keeping his interest in therapy activities, and is always seeking ways to get Jack to vocalize what he is doing or wants to do. She corrects him in a gentle and positive manner. She is also willing to share tips with me, the parent, about how to help Jack vocalize more in daily activities. We appreciate all Sloan does to work with and to help Jack increase his vocal abilities!💬

ST, Tyler

*thank you for what you do!*
