*say hello  
to the  
team!*

## Cortney Baker, Owner & CEO

AND Jason Baker, Owner & CFO:

Our Owners, Cortney Baker (CEO) and Jason Baker (CFO), roles and area(s) of focus include supporting the other executives and ensuring that KidsCare Home Health is always staying true to the mission, vision, and core values (C.A.R.E, Commitment, Accountability, Results, and Ethics). They are KidsCare Home Health's biggest cheerleaders and supporters!

## Erik Baker, president:

Our president's overall goals and area(s) of focus are to ensure that there is a sound strategy in place to expand our services into new communities, throughout the country, while ensuring that existing service areas are functioning at their highest level and foreseeing any potential changes in our environment that could affect our ability to function as a company.

### DID YOU KNOW?

Our executives keep the overall mission, vision and core values at the forefront of **all of their actions.**

This could include the following...

- Budget or policy changes within state governments
- Policy changes with our MCO's and insurance carriers
- Or even... the changing needs of KCHH employees during this pandemic!

Our Executives are also responsible for ensuring that we are supported by strong clinicians and the best department leaders. They listen to the needs of the company, and work together to bring their individual expertise together and make the best decisions for the company.

## Micki Roget, COO:

Our COO's role and area(s) of focus include overseeing Marketing (Community Relations), Recruiting, Quality Assurance, and Clinical Operations. She ensures that we are expanding clinical operations into new areas while ensuring existing service areas have strong clinical support and policies and procedures

## Dustin Thompson, VP of Business Development:

Our VP of Business Development's role and area(s) of focus include market expansion, government relations, payor relations, and external communications with stakeholders in all KCHH service areas. He aids in the discovery and execution of all licensing and credentialing requirements for new service areas while maintaining strong relationships with external stakeholders (payors, healthcare associations, governmental agencies, etc.) in existing service areas.

## Jeanette Reinert: VP of Community Relations:

Our VP of Community Relations' role and area(s) of focus include Marketing/Community Relations! She is responsible for supporting our clinicians by ensuring community outreach in the areas we serve, along with researching new areas for referral sources. She ensures that the community knows who KidsCare Home Health is, and how great we are as a company!

"As we all know, we have been faced with a lot of environmental changes with the COVID-19 pandemic. The executive team works together to try to embrace those changes as best we can and make necessary changes to keep the company moving forward while always adhering to the core values of the company (C.A.R.E.) And, of course, listening to all of our employees to get an understanding of how they are doing. Are we doing enough for them? Are they safe? How do we continue to support the communities we serve? At the end of the day, every decision the executive team makes revolves around doing the right thing... doing the absolute best for the people in this company and the families we serve. "

- Erik Baker,  
president
