**CONGRATS TO OUR NEW
QUALITY ASSURANCE
MANAGER**

PROMO, PROMO!

Please welcome our new Quality Assurance Manager, Miriam! Miriam came to work for KCHH in 2019 as a Nurse Physician Liaison. She was immediately recognized as highly organized, patient, excellent at training others and revising processes to make them more effective and/or efficient. Miriam's previous nursing experience, attention to detail, and demonstration of servant leadership qualities are excellent assets in her position! Congrats on a well deserved promotion!

A MOMENT OF SILENCE...

for Wendy Mabry

☞ Sadly, we lost a member of the KidsCare family last week. Wendy was the first person I ever hired at KidsCare back in 2012 as an accounting and payroll coordinator. She loved her job and would hunt you down if you missed a receipt on your expense report! Wendy retired in December of 2019 and was excited to enjoy a sunny retirement in Corpus Christi with her husband, Ron Mabry. She dealt with a number of health issues in her last few years and she took those challenges head on with great strength and resilience. I know many of us at KidsCare stayed in touch with Wendy as she enjoyed retirement. We will miss those conversations but can take comfort in knowing she is no longer in pain. ☹☹

KIDSCARE KUDOS

Ms. Shelby provided speech therapy for my son for a year. She was dedicated in supporting him in reaching his ambitious goals. He has progressed very well in his communication skills, articulation, oral and expressive language. We really appreciate her support and are very satisfied with her performance.

MEET MIRIAM

“I was born and raised in Kenya. In 2005, my family and I moved to Tennessee! I started my career in the healthcare industry in the same year as a unit secretary in St. Francis hospital owned by Tenet Corporation. In 2010, I transferred to a sister hospital in Dallas where I continued in the same role until transitioning to an RN position in September 2017.”

WHY KIDSCARE?

My tenure with KidsCare started as a hallway conversation with a nurse colleague who informed me that recruiting had reached out to her with a proposal to consider an RN Physician Liaison position. Since she was not ready for a move, I requested her to share the application information with me and forward my name to recruiting. Looking from the inside now, I can say that I am grateful to be part of the back office team which makes C.A.R.E possible to children in need of therapy and nursing services. I love working in the friendly and casual environment.”

INTERESTS

- Spending time with my husband, teenage son, and daughter!
