

KidsCare MONTHLY

YOUR MONTHLY GUIDE TO ALL THINGS KIDSCARE

WHAT'S IN THIS ISSUE?

KAREN'S CORNER - OUR
NEW HR CORNER

CONGRATS

admin employee of the quarter

Tracey has been an excellent employee - especially as she has stepped into her role as the Texas Authorization Lead. Tracey is always willing to lend a helping hand and enjoys coaching her team. Time and time again, Tracey has demonstrated the tremendous care she has for her team and always accepts changes with a positive attitude. Congrats on your wonderful achievement!

Jessica Funez
authorization manager

KAREN'S CORNER

Topic: THE PD FUND PROGRAM

The purpose behind professional development is to assist professionals in the advancement of their knowledge and skills which equates to an increase in the performance of their job and in furthering their career.

By striving for continuous learning and improvement our team members reap the following benefits:

- Expanding Knowledge Base
 - It offers both young and experienced professionals an opportunity for exposure to new ideas, solidifies their knowledge, and increases their expertise in their field.
- Boosting Confidence & Credibility
 - Confidence in the performance of their work increases when professionals have an opportunity to enhance their expertise. Professional development courses, continuing education, and training opportunities allow professionals to build confidence and credibility as they learn new skills sets and professional designations.
- Networking Opportunities
 - Workshops, conferences, and other networking events allow professionals to branch out and meet other people within their industry.

KidsCare provides PD Funds to assist in the cost of professional development. While we hesitate to say that the items below are an exhaustive list of eligible expenses, these are core to any professional development program within our industry:

- Continuing education units (CEUs);
- Licensure Fees;
- Conventions/Education;
- Professional development certifications;
- CPR Certification.

If you are unsure as to the eligibility of a specific expense, best practice would always be to verify with either Payroll or Human Resources prior to spending the funds for which you may want to claim reimbursement under the program. You may learn more about our PD Funds program by reviewing the Time Off and Incentive Program Summary Document.
